

Frankfurt am Main, 1 February 2023

DORNBACH moves into new premises and expands its range of services at its Frankfurt am Main location

DORNBACH moved into new premises at Goetheplatz in Frankfurt am Main in January. The site is managed by the managing partners Jochen Ball, Roman Brinskelle and Catherine Dentler.

With the move to the new office, DORNBACH will increasingly focus on international issues. Under the leadership of Catherine Dentler, who specializes in advising companies and individuals on issues in the Franco-German context, DORNBACH is setting up a French Desk in Frankfurt am Main. In addition, the company continues its activities in the global auditing and consulting network ShineWing International as part of its already established China Desk.

“For us, the Rhine-Main region has traditionally been the focus of our business development and we are bound by trusting cooperation with companies from a wide range of industries,” says Jochen Ball, who was born in Frankfurt. “With a new office, we are strengthening our presence in Frankfurt am Main as one of the most important banking and financial centres in Europe.”

In addition to the traditional audit and assurance services, the focus of the activities at the new Frankfurt location is on special advisory services to banks, financial service providers, asset managers and high net worth private clients as well as companies including asset management companies and investment funds in the real estate industry. Specialised advice is complemented by company valuation and transaction advice.

DORNBACH is strongly represented in Hessen, especially in the Rhine-Main metropolitan region. With more than 100 consultants in Frankfurt am Main, Bad Homburg v. d. H. , Darmstadt, Wetzlar, Marburg and Laubach, DORNBACH Hessen advises clients from the medium-sized and financial sectors..

About DORNBACH:

DORNBACH is one of the largest auditing and consulting companies in Germany. More than 600 employees at 20 locations offer medium-sized and municipal companies as well as start-ups and investors comprehensive advice in the areas of auditing, taxation, law, and management consulting. DORNBACH has been in the top 15 for many years on the Lünendonk list of “Leading auditing and tax consulting firms in Germany”.
